QuickShip Covers

Our **QuickShip** cover program will continue for 2017.

We have pre-engineered some popular sizes for quick shipment or pickup. Order any of the items shown on pages 4 through 7 of the 2015 Safety Cover Pricing Guide* and your cover will be ready for shipment or pickup within **THREE DAYS**.

Unlike most of our competitors, you may choose **ANY COLOR** at the same low price.

All spacing is approximately 5' x 5', and the overlap is 12" on all sides. Be sure to check your coping size to ensure that the overlap will completely cover it.

On **QuickShip** covers, some minor variations in pool size can be accommodated if:

- The width and/or length is no more than 3" smaller than shown, provided you have at least 36" of deck.
- The width and/or length is no more than 3" larger than shown, provided you have at least 30" of deck, and your coping is no more than 9" wide.

Some variations in step size can be accommodated, provided the pool itself is exactly the width and length shown. The side-to-side measurement of the step can be up to 12" smaller than shown, and the front-to-back measurement of the step can be up to 6" smaller than shown. Be sure you have enough deck.

Please contact a member of our Customer Support Team if you have any questions about whether a **QuickShip** cover will fit a particular pool.

QuickShip covers cannot be used on pools of other configurations or sizes, or the warranty is voided. The safety function of the cover may be compromised.

**Pricing in the 2016 Safety Cover Pricing Guide will remain in effect until August 2017.*
